

logic::EntityFactory

```
graph BT; A[representation::Concrete Factory] --> B[logic::EntityFactory];
```

A UML class diagram illustrating inheritance. The diagram consists of two rectangular boxes. The top box, representing the superclass, is shaded gray and contains the text "logic::EntityFactory". The bottom box, representing the subclass, is white and contains the text "representation::Concrete Factory". A solid blue arrow points vertically from the top edge of the bottom box to the bottom edge of the top box, indicating that "representation::Concrete Factory" inherits from "logic::EntityFactory".
